Final weeks bring celebration and summer planning

As we head into the final weeks of the school year our students are completing final projects, reflecting on their hard work and accomplishments and preparing for the many transitions that come with the summer break. We appreciate the unique contributions that each of our students and families have made to our school community, and are so glad to have shared our first

year in our permanent home with you! We hope that you are able to join us for some of the many upcoming end of year celebrations, and that you will stay connected with the Wolf Pack over the break through our summer gatherings.
